

ENHANCED[®]

Specialists in Business and Accounting Systems

Enhanced, one of the south's fastest growing IT specialists now offers you the opportunity to review your business and accounting systems – giving you the opportunity to grow and evolve your business.

Simon White, Managing Director, Enhanced

Whether you need basic financial and project reporting or more detailed stock control, order processing or manufacturing requirements you can be assured that Enhanced has a solution, add to this integrated e-commerce and document management it is clear to see why Enhanced is quickly becoming a leading IT provider.

Who can Enhanced help?

Whatever the size or type of your business, you can be sure that Enhanced has a solution capable of meeting your exact needs. No matter how simple or complex your requirements, the dedicated team will

show you how to update or integrate the most up to date solutions into your existing systems, seamlessly and efficiently.

What can Enhanced help you achieve?

Accuracy, in your reporting - automatically providing the right information to the right people at the right time.

Control, real-time information with automated warnings and giving you the ability to view every area of your business from every possible prospective.

Faster Processing, integrated systems remove the need to re-key information, making it instantly available for use.

Growth, realise the potential in your business, by having the latest technology available with flexible, easy to use, intuitive solutions.

Security, knowing that confidential information remains secure and that the systems and procedures you have in place are the most reliable and won't let you down.

How can this be achieved?

By thoroughly understanding your business Enhanced works with you to identify your needs and then establishes the solution which is right for you. Whether it is supplying an existing software package or writing a piece of bespoke software their consultants will guide you through every step of the project from implementation, to training, to after sales service - help is always on hand.
